Date .5. July. 2026

Department of Statistics:

GDP Grew by 2.9% in Q1 2026 Compared to 2.7% in Q1 2025

All Economic Activities Achieved Growth During Q1 2026

Agriculture, Industry, Mining, and Electricity are the Most Prominent Productive Sectors that Have Driven the Economic Growth

The Agricultural Sector Achieved the Highest Growth Rate at 6.8%, followed by the Manufacturing Sector at 5.3%, then the Mining and Quarrying Sector at 4.7%, and finally the Electricity Sector at 4.3%

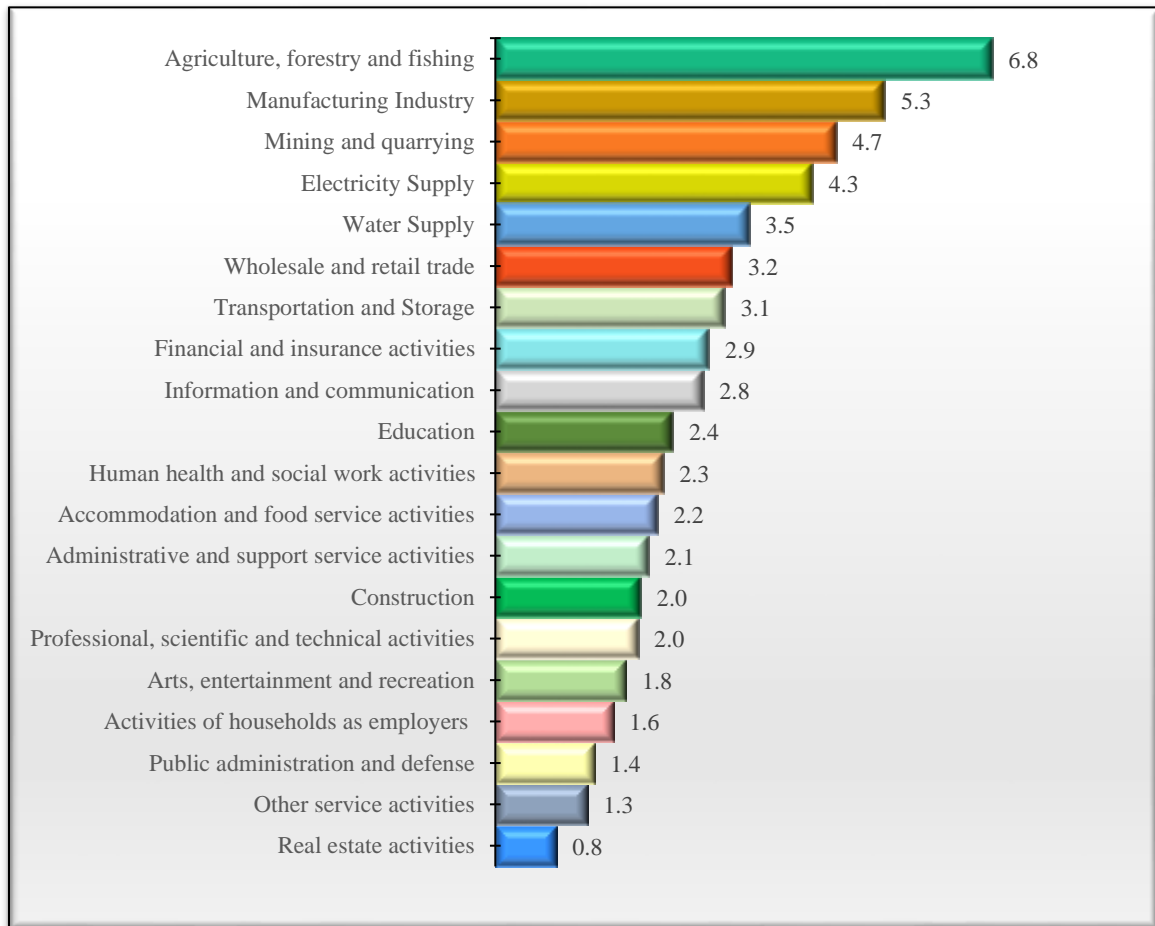

The Department of Statistics released the quarterly GDP estimates for Q1 2026, which showed GDP growth at constant prices of 2.9% compared to 2.7% in Q1 2025.

Figure 1: GDP Growth (Quarter compared to the same quarter in the previous year %)

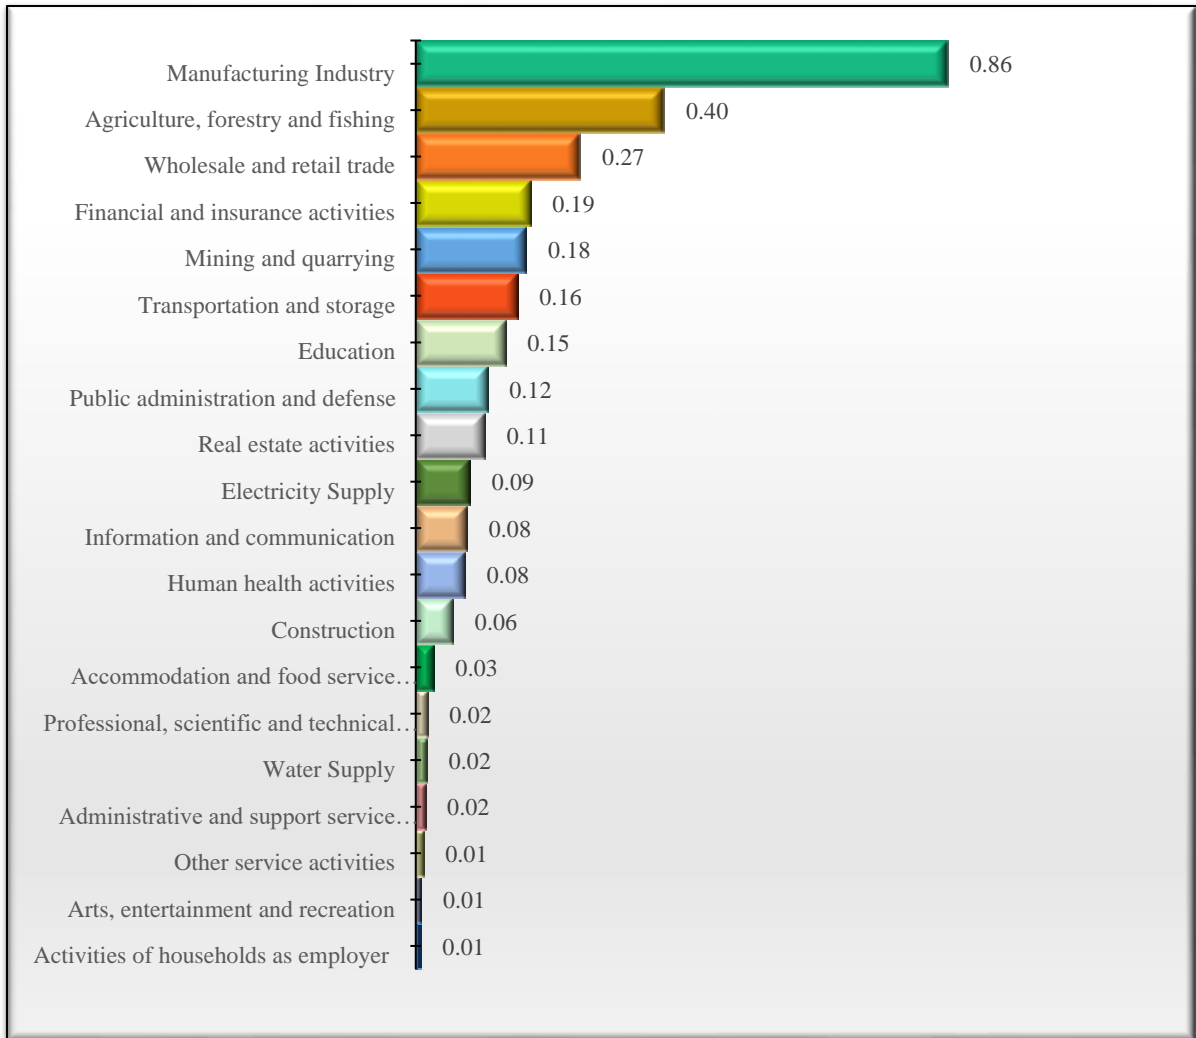

At the sectoral level, preliminary estimates of GDP at constant prices showed that all economic activities had grown during Q1 2026 compared to Q1 2025, as the “*Agriculture Sector*” achieved the highest growth rate during this period by 6.8%, followed by the “*Manufacturing Sector*” by 5.3%, “*Mining and Quarrying Sector*” by 4.7%, and “*Electricity Supplies Sector*” by 4.3% (**Figure 2**).

Figure 2: Growth of Economic Sectors at Constant Prices (%) – Q1 2026

As for the sectors’ contribution to the overall achieved growth, the “*Manufacturing Sector*” recorded the highest contribution of 0.86 percentage points, then the “*Agriculture Sector*” with a contribution of 0.40 percentage points, and the “*Wholesale and Retail Trade Sector*” with a contribution of 0.27 percentage points of the total overall growth achieved (**Figure 3**).

Figure3 : Contribution of Economic Sectors to the Achieved Growth at Constant Prices Amounted to 2.9% – Q1 2026

As for the sectoral contribution to the GDP, preliminary estimates showed that the “*Manufacturing Industry Sector*” achieved the highest contribution of 16.6%, followed by the “*Real Estate Activities Sector*” with a contribution of 13.1%, then the “*Public*

Administration and Defence Sector”, which contributed 8.4% of the total GDP at constant prices (**Figure 4**).

Figure 4 : Contribution of Economic Sectors to the GDP at Constant Prices (%) - (Q1 2026)

Table 1: Growth of Economic Sectors and their Contributions to the GDP and the Achieved Growth at Constant Prices (During Q1 2026)

Sector	Sectoral Growth (%)	Contribution of the Sector to the GDP (%)	Distribution of achieved growth across sectors (Percentage Point)
Agriculture, forestry and fishing	6.8	6.1	0.40
Mining & Quarrying	4.7	3.9	0.18
Manufacturing Industries	5.3	16.6	0.86
Electricity, gas, steam and air conditioning supply	4.3	2.1	0.09
Water supply; sewerage, waste management and remediation activities	3.5	0.5	0.02
Construction	2.0	3.0	0.06
Wholesale and retail trade; repair of motor vehicles and motorcycles	3.2	8.3	0.27
Transportation and storage	3.1	5.3	0.16
Accommodation and food service activities	2.2	1.3	0.03
Information and communication	2.8	2.9	0.08
Financial and insurance activities	2.9	6.4	0.19
Real estate activities	0.8	13.1	0.11
Professional, scientific and technical activities	2.0	1.0	0.02
Administrative and support service activities	2.1	0.7	0.02
Public administration and defense; compulsory social security	1.4	8.4	0.12
Education	2.4	6.0	0.15
