

Department of Statistics:

- Industrial Production Quantities Increased by 3.34% in August 2026 Compared to August 2025
- Industrial Production Quantities Increased by 3.16% in August 2026 Compared to July 2026
- Industrial Production Quantities Increased by 0.62% During the first Eight Months of 2026

The Department of Statistics issued its monthly report on the Industrial Production Index (IPI), which recorded an increase of 0.62% in the first eight months of 2026 compared to the same period in 2025. At the monthly level, the IPI increased by 3.34% in August 2026 compared to August 2025, and by 3.16% compared to July 2026.

Figure1 : Monthly IPI of 2025 & 2026

Accordingly, the IPI for the first eight months of 2026 reached 89.45 against 88.90 during the same period in 2025. At the monthly level, the IPI of August 2026 reached 95.88 percentage points against 92.78 for the same month of 2025. In addition, the IPI of August 2026 recorded 95.88 against 92.94 compared to July 2026.

Comparing the accumulative IPI for the first eight months of 2026 to the same period in 2025, there were increases in the production quantities of the ***“Manufacturing Industries”*** sector by 0.71%, with a relative importance of 88.7%, and the ***“Electricity”*** by 2.14%, with a relative importance of 5.9%. Meanwhile, the production quantities of the ***“Quarrying Industries”*** decreased by (2.21%) with a relative importance of 5.4%.

On the monthly change level, the IPI of August 2026 increased as compared to August 2025 due to the increase in the production quantities of the ***“Manufacturing Industries”*** sector by 3.27%, with a relative importance of 88.7%, and the ***“Electricity”*** by 3.54%, with a relative importance of 5.9%. Meanwhile, the production quantities of the ***“Quarrying Industries”*** decreased by (2.97%) with a relative importance of 5.4%.

On the sectoral level and by comparing the IPI of August 2026 with July 2026, there were increases in the production quantities of the ***“Manufacturing Industries”*** sector by 2.38%, with a relative importance of 88.7%, ***“Quarrying Industries”*** by 9.22%, with a relative importance of 5.4%, and the ***“Electricity”*** by 9.74%, with a relative importance of 5.9%.
